paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 165 Publisher: Southwest Jiaotong University Pub. Date :2009-06-01 version 1. This book is based on the preparation of Southwest Jiaotong University. specialized computer train diagram of experimental teaching content prepared in an experimental instruction book. The book is divided into two ten chapters. the main contents include: train map elements; train diagram preparation of computer theory and methods; locomotive working diagram of the preparation of computer models and algorithms; train diagram system structure and function; train diagram databases establishment; train diagram preparation and adjustment; locomotive working diagram preparation; train diagram index calculation. This book is a transportation professional undergraduate experimental materials. but also for work in the rail transport technical staff to learn information. Contents: first train diagram preparation method theory and the meaning of Section II train diagram of train diagram graphical representation of the classification of train diagram III Chapter II Section I train diagram elements Section III outlines the station interval of time between the train track train operation diagram of the third chapter outlines the preparation of Section II passenger train diagram preparation...

### Reviews

*An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.*  
-- Prof. Arlie Bogan

*It in a single of the best book. This is for those who statte there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.*  
-- Dr. Barney Robel Jr.
