# RIGHTS AFTER WRONGS: LOCAL KNOWLEDGE AND HUMAN RIGHTS IN ZIMBABWE

Stanford University Press, United States, 2016. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book. The international legal framework of human rights presents itself as universal. But rights do not exist as a mere framework; they are enacted, practiced, and debated in local contexts. Rights After Wrongs ethnographically explores the chasm between the ideals and the practice of human rights. Specifically, it shows where the sweeping colonial logics of Western law meet the lived experiences, accumulated histories, and human rights aspirations of Zimbabwean refugees and refugees in South Africa, drawing out the wider implications for concepts of personhood, rights, and justice. Drawing on her extensive fieldwork among refugees between economic migrants and political refugees, Morreira's analysis of the contradictions in the law has a direct bearing on policy discussions of immigration and asylum in South Africa and beyond."
