Birthdays have never been something Nora Terre marks on her calendar. After her memorable sixth birthday, when she first discovered she can World Walk between Realms, they've all been downhill since. Take her twelfth birthday for example: her mother died in a car crash, and her father, overcome by his grief, destroyed Nora's last connection to her family legacy of World Walking. Stranded in the Twelfth Realm, Nora is forced to adapt to a normal life, if one could count her father's continued absence normal. By happenstance, as another dreaded birthday approaches, she finds a way back to her favorite of the Forty Two Realms. But her tiny moment of happiness is shattered when her father's own demons start searching for her, and a betrayal from a friend leads her back to another Realm she thought she had long ago left behind.
